

# CONTACT TRACING AND AFFILIATE NOTIFICATION PROGRAM

All COVID-19 students, faculty, and staff who have been in contact with a student who has tested positive for COVID-19 in 2022 will receive an email to their AU email account from the Associate Notification Team.

If you do not receive an email to your AU email account from the Associate Notification Team, you must report your contact with a COVID-19 student to the Associate Notification Team.

If you do not receive an email to your AU email account from the Associate Notification Team, you must report your contact with a COVID-19 student to the Associate Notification Team.

Contact tracing is a key component of our COVID-19 response. We encourage all students, faculty, and staff to report their contact with a COVID-19 student to the Associate Notification Team.

Contact tracing is a key component of our COVID-19 response. We encourage all students, faculty, and staff to report their contact with a COVID-19 student to the Associate Notification Team.

## O

All students, faculty, and staff who have been in contact with a student who has tested positive for COVID-19 in 2022 will receive an email to their AU email account from the Associate Notification Team. If you do not receive an email to your AU email account from the Associate Notification Team, you must report your contact with a COVID-19 student to the Associate Notification Team. Contact tracing is a key component of our COVID-19 response. We encourage all students, faculty, and staff to report their contact with a COVID-19 student to the Associate Notification Team.

## P

If you do not receive an email to your AU email account from the Associate Notification Team, you must report your contact with a COVID-19 student to the Associate Notification Team.
